The following is step by step pictorial instructions on how to create assessment in Angel

Step 1

Click on the Lessons tab
Step 2

click on Add Content
Step 3

from options choose Assessment

Step 4

Name your quiz, you can give it a sub-title as well --- such as chapters 1-3 etc

Remember to hit save at the end
Step 5

click on Add Question
Step 6

Here you have the options to add any type of questions you like.
Step 7

fill in the question and the possible answers. multiple-selects is when you have two answers as correct

Remember to hit Save
Step 8

A test can have several types of questions in it (Multiple choice/select-short answers, essays etc) Remember to always hit Save.
Step 9

you can copy and paste questions as well
Step 10

Be very mindful of the format, or it will not work
Step 11

you can always add question(s) to a test that has been created

Follow the same steps by clicking on Add question

Thank you
